

Reduce Costs and Maximize Efficiency in Workers' Compensation

We've got you covered

MedCall provides on-demand access to board certified Emergency Physicians for your workers' compensation injuries.

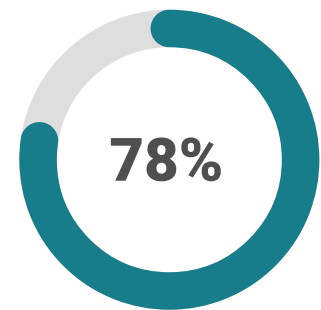

Easily access care anytime, anywhere

Imagine having real-time access to U.S. board-certified physicians. Only MedCall offers phone and video-based telehealth access to dedicated Emergency Medicine physicians for work-related injuries. As employers face the urgency to do more with less, the need to offer workers quick, convenient, and seamless quality emergency care, is essential.

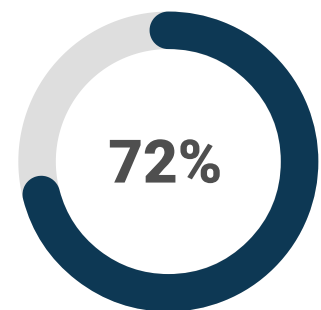

MedCall's platform gives your clients' workers 24/7 access to an emergency physician, saving both time and money. You'll be in a better position to meet your clients' needs and ensure they achieve their financial goals.

MedCall

Built for your essential workforce

Telehealth visits have become the norm for the first step in delivery efficient, cost-effective care when your workforce needs it. Don't wait weeks for an appointment or hours in an emergency room. Our doctors are all trained in emergency procedures and can provide the right guidance on most any medical conditions. No matter what your workers are facing, we're available from wherever you are.

3 Easy Steps to Essential Care

Work injuries can be overwhelming.
We've made it easy

1

NOTIFY

your supervisor immediately

2

CALL

MedCall at 855-963-3225

3

REPORT

your injury & speak with an
Emergency physician via audio
or video

“MedCall Advisors’ telemedicine service provides our member companies with an option for over the road truck drivers to have access to a board-certified physician even when they are away from their home location. Our experience has been that this prevents drivers from seeking unnecessary treatment at a local ER for non-emergency injuries, thus saving our member companies money and often avoiding OSHA recordable injuries.”
